

Ivy

IVY-WHT

IVY-FUX

IVY-LIC

The model **IVY** is a sporty, closed shoe, fully adapted to the needs of the healthcare professionals. The breathable mesh ensures a light and flexible shoe. The shoe laces ensure a firm fit.

The *Move* collection are ultralight designs with antistatic properties and a slip resistant sole. The breathable inner lining in Coolmax[®] keeps your feet cool and draws perspiration away from the skin. The outer material consists of leather and mesh. The leather parts can easily be cleaned with a damp cloth. The anatomical foot bed and outsole that at any point touches the ground, ensures a healthy support of the foot. This model has a 1.18 inch or 3 cm heel.

Ivy

CE-standard
CE EN 20347 certified.

Coolmax®-lining

This technical material keeps your feet cool and draws perspiration away from the skin.

Easy maintenance

The leather parts of the shoe can easily be cleaned with a damp cloth.

Schock absorbing

The midsole in EVA garantees shock absorption.

Mesh
The outer material of the shoe is breathable mesh.

Ultra light

The midsole in EVA is very light, flexible and shock absorbing. The average shoe weight is 8.81 oz or 250 gram.

Renewable insole

Renewable insole with Coolmax®. You can easily replace the insole regularly with our ultra comfortable insole OXYFOAM or use your own orthopedic insoles.

Anti-static ESD

The shoe features a plug that improves the dissipation of static electricity and meets the ESD standard.

Slip resistant SRC

The rubber outsole provides excellent grip, both on wet and dry floors and complies with the SRC standard.

Usage

Suitable for those who walk and stand for a long time daily. So recommended for:

- Healthcare professionals
- Nurses and caregivers
- Wellness and beauty center professionals
- Homecare

Do not use to accompany patients into the shower.
