BLK

Het model CLARK is a trendy closed shoe, fully adapted to the needs of healthcare professionals. The laces make the shoe sit firmly on the foot. This closed model protects the whole foot.

The inner lining in Coolmax® keeps your feet cool. The leather upper can easily be cleaned with a damp cloth. The anatomical shaped foot bed and outsole that touches the ground at any point, ensures a healthy support of the foot.

The trendy Oxyfashion collection has anti static features and slip resistant soles.

Clark

CE-norm
CE EN 20347 certified.

Coolmax®-lining

This technical material keeps your feet cool.

Easy Maintenance

The shoe can easily be cleaned with a damp cloth.

Renewable Insole

Renewable Coolmax® insole. Replace your insole regularly or use your own orthopedic soles.

Leather
The outside of the shoe is leather.

Weight

The average shoe weight is 13.75 oz or 390 gram.

Shock Absorbing

The midsole in EVA provides extra shock absorption.

Anti-static ESD
